Tree donation rules per City Tree Preservation Policy No. 315

1. Only 15 gallon trees will be planted.
2. The donating individual may request the location of the tree planting but the City shall select the final planting location.
3. The donating individual may request a particular tree species for planting but the City shall select the tree species which best fits the area tree palette, City maintenance obligations and availability of irrigation systems.
4. The tree planting will occur during normal business hours and the donating individual can be invited to attend the tree planting.
5. The fee donation shall be initially set at \$100 per tree donated. The City Manager may adjust this fee as deemed necessary to equal the City's costs.
6. The City shall maintain the tree.
7. A letter of acknowledgement of the donation shall be issued to the donating individual.
8. No marker or plaque shall be installed at any tree donation location.
